The Ultimate Baker Story

Ultimate Baker first started in 2008 as a retail outlet in Washington state and has steadily grown over the years into a manufacturer and distributor of a growing range of consumer brands including baking and cake decorating supplies (Ultimate Baker), cocktail sugars and salts (Snowy River), and kids' allergy free products (Colorwayz).

Throughout our history, we have prided ourselves in the freshness and quality of our ingredients as well as our natural range of colors, flavors and their ease of use. From our Ultimate Baker baking sugars, sprinkles, luster dusts, powdered sugars, and food colors, we have the products and service for both retail and wholesale customers alike. Our products are designed for the professional chef, yet simple and easy to use at home as well.

As a manufacturer we strive to do more every day. We use only the freshest natural ingredients to create a premium food color system that we then deploy to color a broad range of foods including sugars, dusts, flour and more. We are GMO free, Kosher Certified, and registered with the FDA as a food manufacturer.

Want your own label?

Private Label Opportunities

Outside of its own label, Ultimate Baker works with a growing number of bakers and retailers who want the benefit of their own baking brand. Ultimate Baker is proud to offer this service to our wholesale accounts with a range of services designed to suit the needs of all our customers, regardless of their size.

Ultimate Baker Food Color System

The finest Fruit & Veg sourced world-wide

At the very heart of Ultimate Baker is our proprietary Food Color System developed and used in all products we manufacture.

There are many food colors in the market today. The vast majority of which are synthetic colors which in some cases are banned in other countries of the world. We wanted to be different. We wanted to offer food colors sourced using the finest ingredients, the freshest fruit and veg, all Kosher certified, and then use these ingredients to manufacture our own all-natural food colors.

Annatto

Radish

Spirulina

Turmeric

Grape

After years of testing, refining, and testing again we developed a range of food colors that met the high internal quality bar that we were after. From there our Kosher and other quality accreditations followed. Importantly, the processing, packaging, and storage of Ultimate Baker finished products, and the raw materials from which they are produced, are consistent with Good Manufacturing Practices (GMP) and industry practices.

Dietary: Our products are suitable for vegans

Non-GMO: Our Products contain natural ingredients with no potential for genetically modified source.

Allergen Statement: We do not use any of the Top 8 Allergens

Kosher: Va'ad HaRabanim of Greater Seattle

Simply Stunning Natural Sprinkles

Mix & Match to get the perfect blend!

Ultimate Baker sprinkles, pearls and jimmies bring razzle and dazzle to your cakes, cupcakes, cookies, desserts, ice cream, drinks, cocktails, milk shakes and more. Made from the finest ingredients and naturally colored by Ultimate Baker with real fruit and veg, our sprinkles are one of the only truly natural, Kosher certified products in the market.

Sprinkles may be ordered as individual retail units, as wholesale or in bulk quantities for larger food processors or bakeries.

Various shapes & flavors available – stars, bones, clouds, unicorns, jimmies and more

Powdered - Icing Sugars

Naturally Colored & Flavored Icing Sugar

When the finest quality ingredients are needed for your cakes, cookies or desserts, Ultimate Baker's natural powdered sugar is a must. Also known as icing sugar or confectioner's sugar, Ultimate Baker powdered sugar is a finely ground powder version of our Ultimate Baker sanding sugar.

Our powdered sugars are available in 4oz through 5lb retail sizes as well as wholesale and bulk. Our powdered sugars are high quality, naturally colored with natural fruit and veg, and come in a growing range of natural colors and flavors. Importantly, our powdered sugars have no synthetic dyes or preservatives.

Ultimate Baker powdered sugars are great for that light touch and delicate works of cake art, popular all year round to dust on cakes, cupcakes, cookies, pastries, or for use in icing, frosting and other cake decorating techniques. Note that powdered sugars may darken when mixed with water or milk. Further color variations can also be achieved by adding Ultimate Baker natural food color to the mix. Happy baking!

Stunning Donut Sugars

Non-Melting, Pre-Colored, Coating Sugar

Ultimate Baker's all-natural donut sugar, or snow sugar as its also known, is a super fine powdered confectioner's style sugar that is designed to withstand heat so it won't melt or dissolve. Made from the finest sugars, then naturally colored with real fruit and veg based coloring developed in-house by our crafting team, this coating donut sugar is simply sensational.

Ultimate Baker Donut sugar is available in vegan and non-vegan options and is the perfect complement for donuts, cupcakes, as well as on breakfast pastries, fruit tarts and cakes. Use on whipped cream, icing and even on the kid's ice cream to add a little natural color. Simple and easy to use, Ultimate Baker non-melt coating sugar can be simply sprinkled on top of your favorite treats.

Dusting Powders

Ultimate Baker manufactures one of the largest ranges of 100% natural dusting powders with 20 different luster colors and over 10 petal dust colors. So, whether you are looking for that shiny luster dust finish, or the perfect matte petal overtone, we have the color and range to suit.

Importantly, Ultimate Baker dusting powders are all-natural and are made in the USA and colored with real fruit and veg. Our dusting powders can also be readily converted to food color by simply mixing with water at the desired strength.

All-Natural Cotton Candy from Colorwayz!

When it comes to creating all-natural allergen free products for kids, you can't go past our Colorwayz range of Cotton Candy sugar. As one of the only synthetic and preservative free options in the US, our cotton candy sugars are as flavorful as they are colorful.
